1

Civil Works

At **Apex Gulf**, we recognize the distinctive demands of civil construction and have established robust business practices and processes to ensure the professional management of projects of any scale. Our civil work division boasts seasoned experts and specialists with extensive experience in this realm. We go beyond being mere construction experts; we consider ourselves our clients' true partners, constantly striving to enhance efficiency, affordability, and speed in project delivery.

Back Filling

Our Back Filling Service at Apex Gulf is lauded for its efficient execution. Leveraging advanced equipment, our team adeptly undertakes back filling projects across various industries. We are committed to meeting our customers' set time frames and have witnessed high demand for our services across markets. Meanwhile, we ensure competitive pricing, aligning with our customers' expectations.

Fencing

As a frontrunner in the fencing manufacturing industry, Apex Gulf offers comprehensive installation and design specification services to a diverse clientele, including Commercial, Industrial, Contractors, Schools, Public Works, Municipalities, City, and Government Organizations. Our installations cater to a wide array of needs, from athletic to security, adhering strictly to approved standards and timelines.

Asphalt

Specializing in the design and construction of infrastructure development projects for roads, Apex Gulf prioritizes exceptional quality and the use of premium construction materials throughout project execution. Our dedicated team of experts is committed to delivering cutting-edge solutions for maintaining roads and infrastructure, ensuring top-notch quality within cost and time constraints.

Road Line Marking

At Apex Gulf, we understand the significance of first impressions. Whether it's a customer or an employee driving into your parking lot or entering your office, the message conveyed is crucial. We specialize in creating excellent first impressions through our line marking solutions, offered across parking lots, offices, commercial buildings, entertainment venues, medical facilities, airports, industrial parks, and education campuses throughout Saudi Arabia.

Site Facilities

At Apex Gulf, our expertise lies in crafting top-tier portable cabins engineered for longevity.

Our lineup boasts resilience, adaptability, and a spectrum of customization options tailored to suit our clients' diverse demands. Whether it's standard cabins, containers, or bespoke structures, we ensure a solution for every requirement.

The hallmark of our portable cabins is their versatility. From room configurations to flooring preferences, and even the integration of facilities like toilets and kitchens, we cater to specific needs with precision.

This adaptability empowers businesses to shape their workspace exactly as desired, optimizing functionality and comfort.

Rental Equipment

At **Apex Gulf** Equipment Rental, we proudly stand as one of the largest & most reputable rental companies in the kingdom.

Over the years, we have witnessed significant growth in the construction industry within the markets we serve. As a result, our equipment rental services have been actively involved in some of the most ambitious construction projects here in the kingdom. We operate as a premier supplier of top-quality equipment, serving numerous renowned names in the industry.

Our extensive range of machinery and plant offerings, coupled with our unmatched backup service, sets us apart in the market. We are committed to maintaining the highest standards of excellence, ensuring that our clients have access to the best equipment and support to fulfil their construction needs.

At **Apex Gulf** Equipment Rental, we take immense pride in contributing to the growth and success of the construction sector in the kingdom. Our dedication to providing top-notch equipment and unmatched service remains at the core of our operations.
